PRESS INFORMATION

Great performance should be rewarded

EMS-CHEMIE AG was honored with the "Supplier of the Year 2019" award by Continental. Thanks to the successful partnership and innovative solutions in light-weight design and cost-reduction, EMS has proven itself against 160 competitors.

Good performance with the help of reliable partners

Every company depends on reliable partners in order to be successful in business. Because of this, Continental honors their five best suppliers every year. A data sheet compares the figures of more than 160 partners in ten categories. In addition to product quality, reliability and competitiveness a high level of innovation competence is particularly crucial.

Responsiveness, flexibility and capacity of innovation

As a specialist in high-performance polymers, EMS-CHEMIE AG is an important partner in light-weight design and a global market leader. This competence and a strong innovative ability distinguish the company from other suppliers. EMS-CHEMIE AG is extremely proud of this special honor. The award is a great incentive to continue to surprise the world with high-performance polymers and innovative solutions.
